- ¼ teaspoon salt (optional)
- ¼ cup canola or vegetable oil or melted butter
- 2 large eggs
- 1 cup buttermilk

Equipment

- 2- to 3-quart mixing bowl
- 2-quart mixing bowl
- 8×8-inch baking dish (or 12-cup muffin tin)
- measuring spoons
- measuring cups
- wooden spoon
- non-stick cooking spray, butter or oil for greasing pan

Method

- To cut costs, purchase cornmeal in the bulk section of the grocery store. Not only is it less expensive than pre-packaged cornmeal, the bulk products allow you to buy only the amount necessary.
- Use powdered buttermilk. It is less expensive than fresh buttermilk and has a longer shelf life. Reconstitute according to package instructions.
- If there is no buttermilk on hand, use 1 cup regular milk plus 1 tablespoon of lemon juice or vinegar.
- Try using coarse ground cornmeal.
- Try replacing the cornmeal and barley flour with 1¼ cups cornmeal and ¾ cup barley flour.

5. Pour wet ingredients into dry ingredients and stir until just combined.
6. Pour batter into baking dish and spread evenly.
7. Place in oven and bake 30 minutes or until done (until toothpick inserted into the center comes out clean and bread has pulled away from sides of the pan).

Makes about 16 2x2-inch bars.

Calories 140; total fat 7g; cholesterol 40mg; sodium 45mg; total carbohydrate 20g; protein 2g.

- Use parchment paper or aluminum foil to line the pan instead of greasing it with non-stick cooking spray, butter or vegetable oil. This will guarantee that the brownies don't stick to the pan and cleanup will be easier.
- Try adding ¼ cup chocolate chips.
- Use of electric mixer will make final product tough. It is better to beat by hand.

Barley Honey Crackers

Ingredients

2½ cups barley flour
⅓ cup packed brown sugar
½ teaspoon salt
1 teaspoon baking soda
½ cup softened butter
¼ cup honey
2-4 tablespoons water
Whole wheat or all-purpose flour for rolling

Equipment

measuring cups
measuring spoons
medium bowl
wooden spoon
rolling pin
sharp knife
fork
cookie sheet
parchment paper or silicone baking mat (optional)
food processor (optional)

Method

1. Mix barley flour, brown sugar, salt, baking soda, softened butter, honey and 2-4 tablespoons of water until well blended (by hand or with food processor). The dough will be very crumbly at first. Be patient and it will come together.
2. Knead 2-3 times by hand and form dough into a ball. Wrap in plastic wrap and place in refrigerator for about 1 hour (until dough is firm, but not completely hard).
3. About 15 minutes before dough is removed from refrigerator, preheat oven to 375°F.
4. Remove dough from refrigerator and break in half. Rewrap remaining dough and return to the refrigerator.
5. On a floured surface (using whole wheat or all-purpose flour), roll dough to ⅛-inch thickness, dusting lightly with flour to keep rolling pin from sticking.
6. Cut into 1½- to 2-inch squares with sharp knife and poke holes in each cracker with a fork.
7. Carefully place individual crackers on an ungreased cookie sheet.
8. Bake 8-10 minutes or until golden brown but still soft. Watch crackers closely; they are easy to overbake.
9. Remove from oven and place on cooling rack or paper towels. Crackers will crisp as they cool.

Barley Noodles

Ingredients

1½ cups barley flour
½ cup whole wheat or all-purpose flour
3 large eggs
2-3 teaspoons cold water (less if dough is wet, more if dry)
1 teaspoon salt for cooking water

Equipment

medium bowl
wooden spoon
measuring cups and spoons
rolling pin and sharp knife
4-quart cooking pot

4. Knead by hand on lightly floured surface (using whole wheat or all-purpose flour) about 1 minute
5. Break dough into 8 pieces and roll each piece into a ball.
6. Flatten one dough ball at a time. Cover remaining dough balls with a bowl to prevent them from drying out.
7. Using rolling pin, roll dough to about ¼ inch thick on unfloured surface. Fold dough in half and repeat about 8-10 times.
8. Roll dough to desired thickness with rolling pin (about ⅛ inch thick). If dough is sticking, sprinkle very lightly with flour.
9. Cut into long, thin strips using the sharp knife.
10. Lay finished noodles on a tray to dry for about an hour.

Method (pasta machine)

1. Mix barley flour and all-purpose or whole wheat flour thoroughly. Make well in center.
2. Add eggs to well and mix with wooden spoon or by hand.
3. Add water slowly, as needed, and mix until the dough is well blended. The dough should form into a pliable ball and not stick to your hands.
4. Knead by hand on lightly floured surface (using whole wheat or all-purpose flour) for about 1 minute.
5. Break dough into 8 pieces. Roll each piece into a ball.
6. Flatten, by hand, one dough ball at a time to approximately ½ inch thick. Cover remaining dough balls with a bowl to prevent them from drying out.
7. Run flattened ball through the pasta machine on setting #1 (the widest setting) 6-8 times, folding the dough in half each time.
8. Run flat dough through pasta machine on setting #2 one time. Do not fold dough in half. Continue decreasing thickness on machine up to setting #7 (or your desired thickness). The dough should be a long thin piece.
9. Run through the desired width of pasta cutter.
10. Lay finished noodles on a tray to dry for about an hour.

Cooking Method

1. Bring 3 quarts of water to a rolling boil in a large pot.
2. Add 1 teaspoon salt to boiling water.
